SELF-LEVELING HEAD HERCULES - DECKING

2. DESCRIPTION

Hercules adjustable support for outdoor flooring, with adjustable height from min. 25 to max. 390 mm (depending on the model used). Each pack contains the complete disassembled support with base, screw and self-levelling head (till 5%) for decking for fixing the joist. The head of the holder is equipped with integrated anti-noise rubber. Only the model from h. 150 to 270 mm can be extended by applying the specific extension h. 120 mm (TER09-1183 / P120). The finalization of the adjustment of the support takes place with the floor installed using the appropriate key.

3. USE

Used in external areas, terraces, pavements.

The use of polishing and sanding machines is not recommended.

4. CARRYING CAPACITY

- Minimum load capacity = 15 kN (totally extended)
- Maximum load capacity = 30 kN (completely not extended)

5. FIELDS OF USE

Waterproof membrane, hard insulating panels, squids and solid and compact pose plans
